

RURAL HEDGE MIXTURES

Our Rural Hedge Mixtures offer a convenient way to buy hedging plants at a very economical price (e.g. for farm hedges and Countryside Stewardship Scheme hedges) and consist of native hedging plants normally found in well-established rural hedges. To include other species in your hedge (e.g. Holly) please order these separately - see page 17.

How many plants will I need ?

New mixed hedges are usually planted at a spacing of 5 plants per metre (approximately 4 plants per yard). This allows for 2 rows with plants staggered – see diagram below.

```

---X-----X-----X-----X-----X-----X-----X-----X-----X---
X-----X-----X-----X-----X-----X-----X-----X-----X
  
```

Double row – typically 30cm (12") between the rows with plants spaced at 40cm (16") along each row, requiring 5 plants per metre

Quantities of 25 to 150 plants

For smaller quantities of up to 150 plants we offer a convenient mixture of 2 to 3 year hedging plants 60-80cm in height, pre-packed in bundles of 25 plants. Each bundle contains 12 Hawthorn, 4 Field Maple, 3 Hazel, 3 Spindle & 3 Blackthorn. Price £30.00 per bundle + VAT.

Quantities of 150 plants and over

Plants are supplied in multiples of 25 plants. You can select your own mixture or simply leave it to us. The mixture can be varied to suit your requirements but should include at least 50% Hawthorn. In addition to Hawthorn, you can select other plants from the list below, but the quantities of those you select should be multiples of 25. Plants are either 40-60cm, 60-80cm or 100-125cm in height. All are strong 2 or 3 year old plants with stout stems.

For **40-60cm** plants choose up to 6 species from: Hawthorn, Field Maple, Dogwood, Hazel, Spindle, Blackthorn, Beech, Hornbeam, Common Buckthorn, Alder Buckthorn, Dog Rose, Guelder Rose, Wayfaring Tree.

For **60-80cm** plants choose up to 6 species from: Hawthorn, Field Maple, Dogwood, Hazel, Spindle, Blackthorn, Dog Rose, Guelder Rose.

Example: If you require 200 plants you could select 100 Hawthorn, 50 Hazel, 25 Spindle and 25 Blackthorn.

PRICES PER PLANT	150+	500+	1000+
40-60cm plants	£0.66	£0.58	£0.45
60-80cm plants	£0.81	£0.73	£0.58

RABBIT GUARDS, CANES AND WEED CONTROL

Hedge plants will normally require protection against rabbits. The most commonly used method is to put a spiral rabbit guard on each plant and support the plant by pushing a bamboo cane into the ground next to the plant inside the rabbit guard. Details below. For other methods and products see page 24.

SPIRAL RABBIT GUARDS AND BAMBOO CANES			Each	100+	500+
45cm Spiral Guard	Brown / Clear	38mm diameter	0.45	0.32	0.21
60cm Spiral Guard	Brown / Clear	38mm diameter	0.55	0.36	0.24
90cm Bamboo Canes	Pack of 100		12.50		
90cm Bamboo Canes	Pack of 500		35.00		

WEED CONTROL MATERIAL		
Woven polypropylene	1m x 100m roll	£47.00
Metal J Pins – Pack of 100	240mm x 3mm	£10.00

For larger quantities or for other items please ask for a quotation. Prices shown do not include delivery or VAT.
