TREE PLANTING ACCESSORIES AND SUNDRIES

Aluminium Lawn and Path Edging

Aluminium provides a long lasting, sleek, strong edge that is ideal for creating curves and straight edges. It provides a clean definitive solution to the separation of materials such as gravel or mulch. Pieces interlock and slide together and are fixed with 30cm stakes through slots. Simple and quick to install.

More aluminium and steel edging products are available for a range of landscaping applications. Call for details or visit www.englishwoodlands.com

Colour	All lengths are 100mm deep x 3mm thick	Code	£ each
