

GROUND STABILISATION AND NETTING

RITE PAVE

This system allows the creation of a permanent load-bearing surface using strong inter-connecting pavers made of 100% recycled HDPE. Easy to install on a bed of sand or soil, the cells can be filled with a variety of materials such as soil and grass, gravel, sand and bark.

	£ each m ²
Paver 500mm x 500mm x 40mm	£16.00

TURF REINFORCEMENT MESH

A tough polymer grid for the permanent reinforcement of grass areas used by vehicles and pedestrians. Mesh should be laid on short grass and pinned down and left to allow grass to grow through the mesh. The mesh will become invisible and provide a stable surface for lightweight vehicles and heavy pedestrian use and can be mown as usual. For pinning to ground use metal pins. See page 18.

Roll size	Mesh Size	Colour	Material	Weight	£ each
2m x 30m	27mm x 27mm	Green	HDPE	640gsm	195.00

SHADE AND SHELTER NETTING

Roll size	Shade Factor	Colour	£ each
1.2m x 50m, 50% tape with eyelets	50%	Green	£62.40
1.8m x 50m, 50% tape with eyelets	50%	Green	£93.50

A lightweight, rot-proof and strong net made of knitted polyethylene tape and supplied with built-in eyelets. Offers protection against wind, rain and sunlight.

ALSO AVAILABLE IN OTHER SIZES AND SHADE FACTORS - PLEASE ASK FOR DETAILS.

JUTE EROSION CONTROL MESH

Product	Pack	Each	5+
Jute Soil Saver 500g/m ²	Concertina flat packs 1.2 x 70m	£95.00	£90.00

Jute meshes are the best solution for temporary surface protection and the promotion of re-vegetation. It is completely biodegradable fully decomposing over time. Supplied in cuts 1.20x 70m.

DEER FENCING

Roll size	Mesh Size	Colour	Weight	£ each
1.8m x 100m	50mm x 45mm	Black	80gsm	£125.00

This is a lightweight yet high strength mesh structure designed to provide an effective deer control barrier at a cost-effective price. Made in black polypropylene, Deer Fencing is unobtrusive and merges into background, is rot-proof and UV stabilised. Can be quickly erected for immediate protection and with a roll weighing under 15kg, transportation across rough terrain is not a problem.

OTHER MESH PRODUCTS ARE ALSO AVAILABLE - PLEASE ASK.
