TR120	1200	Brown/Black/Galv	6	£39.75	£31.75
TR150	1500	Brown/Black/Galv	8	£45.30	£36.25
TR180	1800	Brown/Black/Galv	8	£49.95	£39.98

100% recyclable

## SOFT LANDSCAPE EDGING SYSTEMS

### RITE-EDGE ALUMINIUM EDGING NEW

Create straight edges or smooth curves and circles with this easy to install edging system. Manufactured in aluminium, it is strong, light, durable and will never rot or rust. The innovative interlocking design eliminates the need for additional fittings. Sections slide together with a minimum 50mm interlocking overlap.

Rite Edge is supplied in sections with 30cm stakes in natural aluminium, brown or green. Heavy Duty Rite Edge is supplied in 4.5mm thick aluminium. Full packs only. **New small packs now available for short distances.**

## ALLEDGE ALUMINIUM EDGING

### ALLEDGE ALUMINIUM EDGING

Made from 100% recyclable aluminium, Alledge is smart, strong, sleek, flexible and discreet. It can be used for lawn edging or retention of gravel. Supplied per piece in silver or brown finish.

#### STANDARD

The Standard Alledge is joined by either sliding it together or cutting a joining piece. Each length is supplied with 4 x 30cm stakes for securing in the punched out fixing points.

Code	L x W x D	Finish	Each	10+
AL 100M/300	2.4m x 5mm x 100mm	Silver	£20.00	£16.25
AL 100M/300B	2.4m x 5mm x 100mm	Brown	£23.50	£18.75

#### PREMIUM **NEW**

The Premium Alledge has a smooth uninterrupted face on one side with the fixings sliding onto the hidden face. It brings the ultimate in contemporary style and finish to your lawn or border edge. Each length is supplied with 3 x 30cm stakes.

Code	L x W x D	Finish	Each	10+
ALP 100M/300	2.5m x 5mm x 100mm	Silver	£23.50	£18.75
ALP 100M/300B	2.5m x 5mm x 100mm	Brown	£35.00	£28.50

## HARD LANDSCAPE EDGING RESTRAINTS

### BORDERLINE STEEL EDGING **NEW**

Steel edging for border edges and garden paths. Supplied in lengths of 2m, with 3 fixing stakes. The edgings are very flexible and are ideal for both curved or straight designs. **New Tora® Weathering Steel** is a durable, long lasting steel that weathers in the same way as Corten® providing a very durable "rusted" look, ideal for more traditional projects.

Code	L x W x D	Finish	Each	10+
BL20	2m x 2mm x 100mm	Brown	£15.90	£12.66
BL30	2m x 3mm x 100mm	Brown	£17.00	£13.54
BL30U	2m x 3mm x 100mm	Tora	£17.00	£13.54
BL30G	2m x 3mm x 100mm	Galv	£18.20	£14.50
BL150U	2m x 3mm x 150mm	Tora	£31.25	£24.95
BL150BR	2m x 3mm x 150mm	Brown	£31.25	£24.95
BL150G	2m x 3mm x 150mm	Galv	£33.10	£26.40
BL150J5	2m x 5mm x 150mm	Black	£46.00	£36.78
BL150J5U	2m x 5mm x 150mm	Tora	£46.00	£36.78

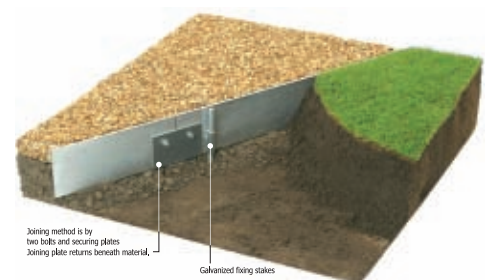

### HIGRADE HEAVY DUTY STEEL EDGE

This edging system is manufactured in steel and provides a heavy duty edge against turf or hard finishes. It is simple, easy to install and long lasting. The system is available in thicknesses of 3mm, 6mm, 8mm and 10mm and can be installed against curved or straight edges. Standard size sections are 3m x 150mm. Each section has securing brackets welded on one side and heavy duty metal pins are supplied to drive through these to fix into ground. Sections are joined to each other with a metal plate or right-angle plate for corners - these are supplied with all necessary bolts etc. Finished in galvanised, Cor-Ten or RAL colours.

**CUSTOM SIZES AND DESIGNS ARE AVAILABLE TO ORDER.**

**FURTHER DETAILS AND PRICES ARE AVAILABLE ON REQUEST. MINIMUM ORDER 50m.**

## HARD LANDSCAPE EDGE RESTRAINTS

### ALUExcel ALUMINIUM EDGE RESTRAINTS

The ultimate edge restraint for all hard landscape surfaces including asphalt, resin bonded or loose gravel, blocks, bricks or paving slabs.

Made in the UK from recycled aluminium and supplied in lengths of 2.57m and in five different wall dimensions for every application. AluExcel is strong, smart and discreet. Ideal for a surface edge finish which needs a full thickness of material without roughness, cracking or spilling over into adjacent areas. Finished colour is silver.

Preformed 90 degree corners are available and these are useful for setting out - fix your corners, set your lines, whether straight or curved and, leaving an opening for passage of machinery, build up your surface levels and compact.

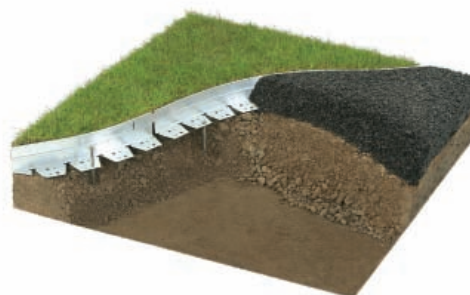

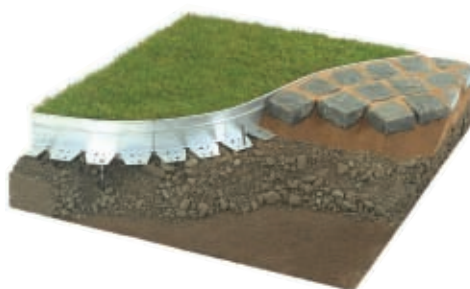

Secure with 250mm steel spiral fixing pins. Supplied with 5 pins and 1 connector strip per length.

Installation: Substrate to be levelled and AluExcel laid on MOT Type 1 roadstone or similar. Levels can be adjusted using lean mix (dry) concrete if required. It is a good idea to set the corners and work from these. Once these have been fixed, setting out of linear sections is greatly simplified.

Code	L x D	Each	10+
AE18M	2.5m x 18mm	£12.50	£9.95
AE25M	2.5m x 25mm	£19.55	£15.60
AE40M	2.5m x 40mm	£26.20	£20.90
AE50M	2.5m x 50mm	£28.75	£22.95
AE65M	2.5m x 65mm	£29.50	£23.50
AE75M	2.5m x 75mm	£35.40	£28.25
AE100M	2.5m x 100mm	£40.40	£32.25
AE150M	2.5m x 150mm	£61.32	£48.95

Corners are available – call office.

**Now available in black – price on application**

**AluExcel Rigid** – AluExcel is also available in a rigid form to give added strength for long straight runs. Can also be used for curves by cutting the bar with croppers. Lengths of 2.5m in depths of 75, 100 & 150mm. Finish is silver.
