

MULCH ROLLS

SPECIAL PRODUCTS

In addition to the products listed below we have many other products available in rolls including various erosion control materials and pre-seeded matting. Please ask for details.

WOVEN POLYPROPYLENE ROLLS

Pack qty	Each	5+	10+
1.0m x 100m	£47.00	£44.00	£39.00

A multi-purpose ground cover with many horticultural and landscaping uses. Designed to suppress weeds while allowing the passage of water, air and nutrients. Used for hedges and tree planting as well as in fruit, vegetables and pot plant growing. Colour is black.

PLANTEX GEOTEXTILE MATERIAL

	Each	5+	10+
1m x 14m	£18.00	£15.00	£12.30
1m x 220m	£146.00	£136.50	-
2m x 50m	£67.20	£64.05	£58.80
4m x 100m	£252.00	£236.25	-

An excellent product with many landscaping applications. It can be used on new or existing plant borders as a membrane beneath a loose mulch e.g. bark, under gravel paths, patios and other surfaces to separate materials as well as provide long term weed control.

Plantex is a lightweight but very strong membrane with a unique porous structure that is very easy to cut and lets air, water and nutrients pass whilst preventing weed growth. Colour is grey. The product has a full endorsement from Kew Gardens.

HEMCORE ROLLS

850gsm	1 - 12	12+
1m x 25m	£75.00	£67.00

100% biodegradable 800gsm mat approx. 5mm thick, made of strong and durable UK grown, needle-punched hemp fibres. Best used without pins, just dig in for maximum soil contact.

COIR MULCH ROLLS

Code	760gsm weight	Each
Type 9 R1	1.2m x 30m	POA
Type 9 R2	2.4m x 30m	POA

High quality mat with very good moisture retention, weed suppression and insulation properties. Overall weight 760gsm. 10mm coir upper layer attached to a double photodegradable polyethylene membrane, stitched and heat welded. Natural appearance. Effective for 3 years or more depending on site conditions.
